

# Working meeting

3<sup>rd</sup> December, 2012  
CNR – Area di Ricerca, Tito Scalo (PZ)

- 
- 9.30 Opening of the LDFS meeting**  
Dr. A. Morone – In charge of LDFS project
  - 9.40 Welcome of participants**  
Dr. B. Perretti – Autorità di Gestione Regione Basilicata, PO FESR Basilicata, Senior specialist in international cooperation  
Dr. L. Avaldi – CNR-IMIP Director
  - 10.00 Presentation of National Institute for Laser, Plasma and Radiation Physics “INFLPR” (Bucharest): facilities and research activities**  
Dr. A. Matei – INFLPR Researcher
  - 10.15 Presentation of Institut d’Électronique du Solide et des Systèmes “InESS” (Strasbourg): facilities and research activities**  
Dr. F. Antoni – InESS Researcher
  - 10.30 Presentation of Istituto Motori, National Research Council (CNR-IM): facilities and research activities**  
Dr. L. Allocca – CNR-IM Researcher
  - 10.45 Presentation of Superconductors oxides and other Innovative materials and device Institute, National Research Council (CNR-SPIN): facilities and research activities**  
Dr. G. Pepe – CNR-SPIN Researcher
  - 11.00 Presentation of Institute of inorganic methodologies and plasmas, National Research Council (CNR-IMIP): facilities and research activities**  
Dr. A. Morone – In charge of LDFS project
  - 11.15 *Coffee break***
  - 11.45 Visit at CNR-IMIP facilities**
  - 12.45 *Lunch***
  - 14.00 Pulsed Laser Deposition and Biological Compounds**  
Dr. M. Verrastro – CNR-IMIP Researcher
  - 14.15 Preliminary measurements of Magneto-Optic Kerr Effect (MOKE)**  
Dr. D. Mancusi – CNR-IMIP Researcher
  - 14.30 Round the table on LDFS project**  
Working plan and future research activities in collaboration with LDFS partners
  - 16.00 End of the meeting**
